The Faerie Queene is an English epic poem by Edmund Spenser. Books I to III were first published in 1590, and then republished in 1596 together with books IV to VI. The Faerie Queene is notable for its form: it is one of the longest poems in the English language as well as the origin of the verse form known as the Spenserian stanza. On a literal level, the poem follows several knights as a ...

Healthy marine species like whales, sea turtles, coral, and salmon are important for maintaining balanced and thriving ocean ecosystems. We work to prevent marine species populations from decline and extinction, protect them from human activities, and monitor activities that might impact them so they are around for future generations.
