Expert Answers. A global society is, in theory, one which defies the social construct of "to each their own", that is, of world citizens divided and segmented by language, ethnicity, creed, or culture. Globalization entails extending communication, knowledge, and information to everybody in aims of becoming a collaborative culture where people,...

### **Global Society - eNotes.com**

The paper initiates from two assumptions: the first one is that globalization is an inevitable phenomenon, characterizing our development era, a phenomenon that the human society is forced to understand, because for the first time, it questions the surviving and evolution of the human society.

Global culture, institutions and civil society. While global society in this sense contains all social relations, not all relations are actually defined at a global level. Global society can also be seen, therefore, as the largest existing, and also the largest possible, framework or context of social relations,...

### **Chapter 1**

Global citizenship is the idea that all people have rights and civic responsibilities that come with being a member of the world, with whole-world philosophy and sensibilities, rather than as a citizen of a particular nation or place. The idea is that one's identity transcends geography or political borders and that responsibilities or rights ...
