An individual is that which exists as a distinct entity. Individuality (or selfhood) is the state or quality of being an individual; particularly of being a person separate from other people and possessing their own needs or goals, rights and responsibilities. The exact definition of an individual is important in the fields of biology, law, and philosophy.

### **Individual - Wikipedia**

Individualism is the moral stance, political philosophy, ideology, or social outlook that emphasizes the moral worth of the individual. Individualists promote the exercise of one's goals and desires and so value independence and self-reliance and advocate that interests of the individual should achieve precedence over the state or a social group, while opposing external interference upon one's ...
