Concept developers bringing human factor to transformation process (), USJFCOM news, Sep 2003 - "... there are three key areas that will be critical for future operations, and impact leadership development in this joint military decision making process according to Newlon" First, is the need for a more coherent organizational design where the joint capabilities are more modular and tailorable.

Military Strategic Leadership Competencies, Competency

Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.
