Hagarism: The Making of the Islamic World 3 reason, and sin must therefore be an act of will and an act against better knowledge. It was for this second view that the Nestorians opted, and if they did not go Pelagian or reduce the redemption to a mere symbol of future immortality, they certainly did play up reason at the expense of grace.

The Making of the English Working Class(1963) by Edward P. Thompson This book has a clumsy title, but it is one which meets its purpose. Making, because it is a study in an active process, which owes as much to agency as to conditioning. The working class did not rise like the sun at an appointed time. It was present at its own making.
